# COUNTERTOPS

## WORKMANSHIP WARRANTY

Onyx Stone Inc will fabricate and install our material in accordance with the industry standards. We will repair or replace any part that fails due to improper fabrication or defective seams.

Warranty is one year from date of installation for all defective seams and undermount sinks.

Onyx Stone Inc will not be held responsible for any defects or malfunctions due to:

- Accidents or alterations by the customer
- Misuse or damage caused by physical abuse, such as standing on the counters
- Scratches caused by dragging objects across the surfaces
- Chips caused by banging or hitting the stone
- Natural properties of stone such as fissures or mineral deposits
- Natural stone and quartz are subject to thermal shock. Thermal shock is the sudden change of surface temperature. It is recommended that you protect your countertop surface from direct heat sources by using place mats, coasters and/or trivets.
- Scorching caused by placing hot pots/pans placed on countertops
- Seam failure due to settling or structural issues unrelated to the countertop installation
- Staining, surface etching (citric acids, vinegar, cleaning products etc.)
- Sinks dropping due to being plumbed before 24hrs has passed and/or misuse

Our warranty applies to:

- countertops that have not been moved from their original place of installation
- are used exclusively by the original homeowner
- are maintained in accordance with the maintenance instructions provided

# Letter of Warranty

## Cosentino® Standard

**This Letter of Warranty (hereinafter, the 'Warranty') shall only be fully valid when the consumer has registered the project within 6 months of the purchase of the product**, as indicated in the relevant section, and when the consumer submits the original invoice or purchase receipt (indicating the date of purchase and the name of the dealer of the product). The consumer shall send the defective product to COSENTINO GLOBAL S.L.U. (hereinafter, '**COSENTINO**'). In order to be effective, this Warranty must be registered online on the website [www.cosentino.com](http://www.cosentino.com) This Warranty is transferable.

COSENTINO® reserves the right not to offer the warranty service free of charge if the requirements set out in the previous paragraph are not met, or if the information provided by the consumer is false, incomplete or illegible.

This Warranty is intended for non-professional end users and shall be considered applicable for residential use, such as any building or facility for private accommodation, whether it is a single-family or multi-family dwelling.

# Silestone<sup>®</sup>, Dekton<sup>®</sup> by Cosentino<sup>®</sup>, Sensa

Note: This letter is of general application in all countries in which COSENTINO operates. If you reside or operate in Switzerland, please be advised that the Dekton<sup>®</sup> by Cosentino<sup>®</sup> brand is not available in this country and instead products are identified by the DKTN by Cosentino<sup>®</sup> brand.

This Warranty covers mineral agglomerate surfaces registered internationally under the SILESTONE<sup>®</sup> brand name, as well as large format ultra-compact surfaces registered under the Dekton<sup>®</sup> by Cosentino<sup>®</sup> brand name, designed for products such as worktops, cladding, walls and floors, among others (hereinafter, the '**Surfaces**').

Likewise, this Warranty also covers Surfaces, when they have undergone any variation at the customer's request and it has been carried out at COSENTINO<sup>®</sup>'s facilities.

In general, this Warranty covers all those products that cannot be referred to as End Products manufactured by COSENTINO<sup>®</sup> as defined in the relevant section of this Warranty.

## General Aspects covered under the Warranty:

- COSENTINO<sup>®</sup> undertakes to replace or repair defective Surfaces under the terms and conditions set forth herein, with the same characteristics (colour, thickness, etc.) as those of the product purchased by the customer.
- This Warranty covers products intended for the uses defined within the scope thereof, and maintained according to the care and maintenance instructions for Surfaces, as set out in the USE AND CARE manual of each brand. It is important that the final choice of colour and finish be made before completing the purchase, as changes made later will not be covered under this Warranty.

- It also covers surface defects not found in material quality controls, such as material pathologies resulting from the production process.

## General Aspects not covered under the Warranty:

- Faulty or improper installation, not following the manufacturer's preparation and assembly recommendations.
- Intervention by third parties: any damage caused directly or indirectly by any action, work or any other intervention carried out by third parties outside COSENTINO<sup>®</sup>, such as problems caused by incorrect finishing/ preparation of the product, modifications to the Surfaces made by third parties, improper installation methods or any other alteration or manipulation of the original product by Cosentino<sup>®</sup>, such as colour variations, thermal shock, impact damage, misuse or inadequate chemical treatment, performed by third parties outside COSENTINO<sup>®</sup>. It is important for third parties to follow the manuals that Cosentino<sup>®</sup> makes available to them, such as those related to Preparation, Handling and Installation, which provide guidelines on all of the above and good practice.
- Force majeure, conditions on the site where the Surfaces are installed or handled, architectural and engineering design, structural movement, acts of vandalism, accidents, natural disasters, damage caused by interaction with other products or any other cause beyond the control of COSENTINO<sup>®</sup>.
- Damage resulting from improper use, including, but not limited to: (i) the use of the product for purposes other than those for which it is intended; (ii) use of the product in a manner that does not comply with applicable technical or safety standards; or (iii) failure to follow the user and maintenance manual.
- Products that have not been paid for in full.
- Three-dimensional products manufactured by third parties.

- This Warranty does not cover Surfaces that do not meet the customer's requirements, in their personal opinion, after delivery, in terms of colour, veining performance and appearance (for those surfaces that have such a feature), edge profiles or other aspects selected by the customer at the time of purchase.
- The differences between samples or photographs of any COSENTINO® product and the actual product purchased are excluded from this Warranty.
- This Warranty shall be void in the event of repairs or handling made to the product without due verification by COSENTINO®.
- Any unforeseen or consequential damage, loss or cost, other than that of the product itself, including but not limited to, damage to other products, facilities or additional or supplementary repairs to plumbing, electrical or building work that may be necessary to repair or replace the Surfaces. These shall be the sole responsibility of the customer.
- Damages that may arise from deficiencies or omissions in the technical project that is the basis for the building work in which the Surfaces are used.
- COSENTINO® does not manufacture worktops or any other application, but provides the material to manufacture them. Therefore, if any of the conditions stated in the terms and conditions contained herein are met, the material necessary to replace the worktop will be provided, but the costs of preparing and installing the product will not be covered by COSENTINO®.
- This Warranty only covers the replacement of the defective product with one of identical characteristics (colour, thickness, etc.) to that purchased by the customer, unless this is impossible due to the product being discontinued, in which case it shall be replaced by the most similar product at that time.
- Use of the products in public buildings. Public use includes, but is not limited to, commercial buildings and public accommodation facilities (including hotels, hostels, residencies, guesthouses and holiday apartments).
- Surface damage caused by external agents on the surface of the material affecting its surface appearance.

# Specific Warranty Information:

## Silestone® 25-Year Warranty:

COSENTINO® guarantees the registered owner of the installed SILESTONE® by Cosentino® products against manufacturing defects for a period of **TWENTY-FIVE (25) YEARS**.

### What the Warranty covers:

- Surface damage to two-dimensional applications, such as worktops, cladding, walls and floors permanently installed inside a dwelling (or property intended for use other than a residence).

### What the Warranty does not cover:

- Exposure of the product on the exterior of buildings.
- Cracks in the surface after installation. Cracks in the end product shall not be considered an indication of defective material. The main causes of cracking are improper movement of the material, direct application of heat to the surface, excessive weight placed on the surface or the result of bumping the material after installation.
- Direct application of heat to the surface.
- Excessive weight placed on the surface.
- Chipping, as it is not due to defective material, but is the result of scraping and bumping objects against the edges of the surface.
- Variations in colour, shade, particle structure or gloss level of the material resulting from natural changes over time in the various components of the product.

- The definition of manufacturing defects covered under this Warranty does not include the durability of features ancillary to the actual functionality of the product during its period of validity.
- Any problems or damage caused by exposure of the product to heavy and continuous use over long periods of time, including but not limited to discolouration, loss and decline in performance and aesthetic characteristics, and warping of floors. Problems, damage or nuisance resulting from the generation of static electricity or the use of products designed to eliminate or reduce its effects.

# Dekton® by Cosentino® 25-Year Warranty:

COSENTINO® guarantees the registered owner of the installed Dekton® by Cosentino® by Cosentino® products against manufacturing defects for a period of **TWENTY-FIVE (25) YEARS**.

## What the Warranty covers:

- Surface damage to two-dimensional applications, such as worktops, cladding, walls and floors permanently installed inside a dwelling (or property intended for use other than a residence). See the USE AND CARE manual.
- Cracking caused by exposure to extreme hot and cold temperatures, as well as thermal shock cracking.
- Stains due to common food, beverages and household products, provided that customers have followed the proper care and maintenance guidelines.
- Fading due to direct exposure to ultraviolet (UV) radiation, both inside and outside buildings.
- Dekton® by Cosentino® products used for barbecues, fireplaces or any surface which may be exposed to heat, provided that the applicable installation manuals available at [www.cosentino.com](http://www.cosentino.com) are strictly adhered to.
- The Dekton® by Cosentino® XGloss/ Stonika series consist of ultra-polished and ultra-compact surfaces, which require regular maintenance and cleaning. The Warranty covers these surfaces that have been maintained in accordance with the cleaning and maintenance guidelines, which can be found at [www.cosentino.com](http://www.cosentino.com)

## What the Warranty does not cover:

- Cracking and chipping due to the impact of heavy objects and the movement, displacement or positioning of the supporting structure under the surface of the worktop or flooring (kitchen units, floors, foundations, etc.) are not covered under this Warranty.
- Products that have been treated or covered with unapproved chemicals or coatings.
- Products exposed to abnormal use or conditions, or misuse (chipping, cracking, impact damage or breakage due to customer misuse).
- Dekton® by Cosentino® Surfaces are designed to have a natural, non-uniform appearance; as a result, this Limited Warranty does not cover variations in colour, shade, particle structure or gloss level.
- This Warranty does not cover wear marks on Dekton® by Cosentino® products, including, but not limited to, metal marks, fingerprints or smudges and other similar wear indicators caused by the use of utensils.
- Some Dekton® by Cosentino® colours may only be suitable for use in a specific application. The customer will be informed of the colours which Cosentino® recommends to use only for a specific application, and should not rely on any other oral or written statements to the contrary. By purchasing these colours in particular, the customer agrees to indemnify and exempt COSENTINO® from all rights and claims under the Warranty if such colours are used or applied contrary to COSENTINO®'s recommendations.
- The warranty for Dekton® by Cosentino® products with GRIP/ GRIP+ finish is limited to FIVE (5) years under the terms, conditions and limitations described for all other Dekton® by Cosentino® products.

# Sensa® 15-Year Warranty:

COSENTINO® guarantees the registered owner of the installed SENSEA® by Cosentino® products against manufacturing defects for a period of **FIFTEEN (15) YEARS**.

SENSEA® offers a protective treatment to reduce the absorption and therefore also the stainability of the material. The treatment is not a sealer, but bonds to the surface of the stone in a different way to conventional sealers.

For further information, please refer to our 'USE AND CARE' manual.

## What the Warranty covers:

- Surfaces permanently installed inside a dwelling or property intended for such use.
- Defects in the integrated protective treatment provided that the instructions in the Product Manual are complied with.

## What the Warranty does not cover:

- Colour variation, thermal shock or inappropriate chemical treatment, such as application of acid, nitric acid solution or other non-SENSEA® sealants, carried out by third parties not related to COSENTINO®.

# End Products Manufactured by Cosentino®

## Kitchen sinks, Integrity sinks, bathroom countertops, shower trays, washbasins

This section of the Warranty is limited to end products manufactured under any of the COSENTINO® brands in the form of three-dimensional products, such as kitchen sinks, washbasins,

bathroom countertops and shower trays (hereinafter, the '**End Products**'), and covers any manufacturing defects in such products for a period of **FIVE (5) YEARS**, from the date of purchase.

All this under the terms, conditions and limitations described for the rest of SILESTONE® or Dekton® by Cosentino® products in this document and also available on the website.

This Warranty is only valid when the end products have been correctly installed (in accordance with the applicable regulations and the specific assembly instructions), and have been used correctly according to their intended application (Use, Care and Maintenance Guide).

Consumable items (rubber elements, seals, valves, etc.) are not covered under this Warranty.

# Registration and Claims

## Warranty Registration:

To register as a holder of this Warranty, it must be activated via [www.cosentino.com](http://www.cosentino.com). This website requires certain information for registration, including information relating to the point of sale and/or the marble supplier, as well as the customer. Therefore, we recommend that customers register directly with the point of sale or marble supplier. At the end of the registration, the customer may print this Warranty for their use.

In order to benefit from the Warranty, it must be registered within six (6) months of purchase.

## How to Make a Claim

If you believe that any of the products covered by the Warranty to be defective and wish to make a claim under this Warranty, you should contact your point of sale or visit the website for your country where you will find the Customer Service contact details::

Silestone®

# CARE & MAINTENANCE

---

A product designed by **COSENTINO**

NATURAL QUARTZ

## Routine Care

Silestone requires very little maintenance. Simply wipe your Silestone surface with soap and warm water on a regular basis to maintain its beauty and shine for years to come. Any pH balanced general-purpose household cleaner may be used. (E.g. Dawn Dish Soap, Windex®)

## General Precautions

As with any natural stone, certain exposure to heat may cause cracks due to thermal shock. Although Silestone is extremely scratch and heat resistant, we recommend protecting your Silestone surface by using a hot pad or trivet for extreme heat protection. Hot pans, pots or small electrical appliances should not be used directly on top of your Silestone surface as this can cause scorching, dull areas and cracks. Do not use crock pots, electric skillets or griddles directly on your Silestone surface. Additionally it is recommended that a cutting board be used to protect the stone & surface from scratch.

## Advanced Cleaning

### GREASE STAINS

For grease stains, apply a small amount of Formula 409, Windex, or other common household cleaner to the stain and rub with a non-scratch scouring pad (e.g. Scotch-Brite). Rinse immediately with water.

### LIME SCALE AND HARD WATER STAINS

Hard water build-up can cause staining on Silestone surfaces. To clean these areas, apply a paste made from equal parts baking soda and white vinegar. Let it sit on the surface for 10-20 minutes, then remove with cold water using a Scotch-Brite non-scratch scouring pad or sponge. You may have to repeat this process several times in order to completely remove the stain.

Another option is to sprinkle hydrochloric acid on the countertop surface and let it sit for one minute. Rinse with water. Do not use hydrochloric acid products on faucets or sinks as it may damage their finish.

### Difficult Stains.

For difficult stains, spray Formula 409, Windex, or any other common household cleaner on the affected area of the Silestone product for 2 minutes then scrub with a non-scratch scouring pad. Rinse thoroughly with water.

### Loss of sheen.

The loss of sheen on the surface of the Silestone countertop may be due to the use of products such as waxes, sprays or sealants to try to bring out the surface's luster. However, these products become less effective over time. This lack of sheen therefore has nothing to do with the original mechanical sheen of the product when it leaves the factory. To recover this non-natural sheen, a multi-purpose furniture spray that is suitable for the countertop can be used.

# Difficult Spills

Silestone's advanced technology makes its surface resistant to damaging chemicals. To remove difficult spills, wipe the surface with Dawn dish soap, scrub with a Scotch-Brite non-scratch scouring pad and rinse with warm water. For stains that harden as they dry (food, gum, nail polish, paint) remove by gently scraping the surface using a razor blade or putty knife, holding upright so as not to scratch the surface. Then clean using warm water and soap. Gray marks left by the razor can be wiped away with soap and water.

Difficult spots may be treated with one of the cleaners listed below. Leave the cleaner sitting for up to 10 minutes. Scrub and rinse thoroughly.

- Lacquer Thinner
- Rubbing Alcohol
- Ammonia
- Mineral Spirits
- Vinegar
- Formula 409
- Windex
- Paint Thinner

Caution should be exercised in the handling and storage of any of the above chemicals. Manufacturer's instructions should be followed when using and storing these products.

# Extreme Heat Protection

Silestone is resistant to heat, and can withstand moderately high temperatures for brief periods of time without being damaged. **Although Silestone is more heat resistant than any other stone surface, all stone can be damaged by sudden and extreme temperature changes, especially near the edges.** For this reason, we recommend using a trivet or a hot pad to protect your Silestone surface from extreme heat.

## Chemicals to Avoid

Avoid exposing your Silestone surface to strong chemicals and solvents. Items to avoid include: nail polish remover, permanent markers or inks, oil soaps, and furniture cleaners or paint strippers that contain trichloroethane or methylene chloride. Also avoid exposing your Silestone surface to chemicals with high alkaline/PH levels, such as oven cleaners. Caution must be used for the following:

- Products containing oils or powders may leave a residue.
- Repetitive use of abrasive scrubs and cleaners may dull Silestone's finish.
- Oven/grill cleaner may discolor Silestone and should be avoided.
- Repetitive exposure to extreme heat may damage Silestone's finish.

### **TO REMOVE STAIN SUCH AS WINE, COFFEE, FOOD, MAKEUP, ETC:**

- Apply the appropriate cleaner with a paper towel and wipe off the surface.
- If necessary, the area may be soaked with pads of paper towels for 3-10 minutes.
- Scrub the area with a Scotch-Brite non-scratch scouring pad, rinse and dry thoroughly.

## Precautions

### **DO NOT PLACE SILESTONE OUTDOORS OR IN PLACES WITH UV LIGHTING.**

- Over the years, the color and shade of Silestone products may suffer from the effect of the sun's rays.

### **DO NOT USE WATER REPELLENTS OR SEALANTS TO BRING OUT THE LUSTER.**

- Once it has been installed, the sheen on Silestone is the natural luster of the product itself.
- Sealants and water repellents provide an artificial, ephemeral shine.
- Do not use paint strippers, caustic soda, or products with a pH of more than 10.

### **DO NOT USE BLEACH AND SOLVENT**

- Do not use bleach for maintenance. When this product remains on the surface for more than 12 hours, the stone surface may lose its sheen.
- Do not use chlorine-based products like trichloroethane (present in paint stripper).
- The surface of the material should not be re-polished – either on floors or countertops.
- Do not use degreasing agents such as those used in oven cleaners.

## Silestone® 25 Year Warranty

Silestone® is the only brand that offers a certified warranty, in writing. Only a global leader could once again draw ahead of the pack and offer a genuine 25-year transferable warranty for Silestone®.

### **RESIDENTIAL LIMITED WARRANTY FOR NORTH AMERICA**

Cosentino, S.A. warrants to the residential owner-occupants of installed Silestone® quartz surfaces (“Silestone® Surfaces”) that for a period of twenty (25) years from the date of installation of the Silestone® Surfaces in your single family residential home, that the Silestone® material will be free from manufacturing defects. If a manufacturing defect occurs during the warranty period, Cosentino, S.A. will at its option, repair or replace the defective Silestone® Surfaces.

#### What this limited 25-year warranty covers:

- » This limited transferrable warranty covers Silestone® Surfaces that have been purchased from an Authorized Silestone® Installer or Dealer (“Authorized Installer”) and have been permanently installed in your single family residence by an Authorized Installer.
- » This limited transferrable warranty covers products that have been maintained according to the Silestone® Surfaces Care and Maintenance and Integrity Sink Care and Maintenance set forth on [www.silestoneusa.com](http://www.silestoneusa.com).

#### What this limited 25-year warranty does not cover:

- » Silestone® Surfaces are stone products which will not crack unless an external force or interaction causes the crack such as impacts, uneven cabinets or flooring, structural settling or movements, thermal shock from the use of crock pots, skillets or other hot items placed directly on the Silestone® Surfaces, improper installation or other conditions in the home that may cause the Silestone® Surfaces to shift. Therefore, cracks are not covered by this warranty. Caution: Do not use crock pots, skillets or other hot items directly on your Silestone® Surfaces. Always place them on a trivet or cutting board to protect your Silestone® from thermal shock.
  - » This warranty does not cover any additional or supplemental repairs or modifications such as, any plumbing, electrical, tile or wall surface modifications that may be necessary to repair or replace the Silestone® Surfaces covered under this limited warranty; such other repairs and modifications shall be the responsibility of the customer.
  - » This warranty does not cover products that have not been paid for in full.
-

» This warranty does not cover products exposed to abnormal use or conditions or abuse in any way. "Abnormal use or conditions" includes, but is not limited to, damage from mishandling or misuse, damage from excessive heat, scorching or exposure to weather conditions, exposure to ultraviolet light, physical or chemical abuse, acid etching, staining or damage from improper care and maintenance or damage from chipping, cracking, impact damage or breaking due to customer abuse.

» Silestone® Surfaces are intended to have a natural and non-uniform appearance, thus this limited warranty does not cover any variances in color, shade, particle structure or gloss level.

» This warranty does not cover products that you, the customer, decide you do not like after installation due to color, edging styles or other opinions based on personal preference.

» This warranty does not cover seam appearance or performance.

» This warranty does not cover temporary marks on the Silestone® products including but not limited to metal marks, fingerprints or smudges or other temporary marks made by household utensils.

» This warranty does not cover "commercial uses" of the Silestone® products. "Commercial uses" include but are not limited to use in commercial buildings such as retail stores, restaurants, offices, hotels, or apartment complexes.

» This warranty does not cover outdoor uses.

» Cosentino, S.A. is not responsible for damage or injury caused in whole or in part by acts of God, job site conditions, architectural and engineering design, structural settling or movement, acts of vandalism, or accidents.

» This warranty shall apply to Silestone® Integrity Sinks that have been installed with your Silestone® Surfaces ("Integrity Sinks"), except however, this warranty for Integrity Sinks does not cover normal wear and tear that occurs over time including but not limited to minor dents and scratches from pots and pans, cuts and nicks, scuff marks, chipping, pouring boiling water without cold water, use of dry ice or any other uses that do not comply with the Care and Maintenance for Integrity Sinks.
